Experience and Expertise

Kona began her career in bookkeeping 30 years ago working for an architectural firm. Her experience there allowed her to keep the books for a retail percussion store she acquired with her husband. Sensing there may be other small businesses that might benefit from having a bookkeeper on a limited basis, she began soliciting her services. Thus began a 20+ year career working with small businesses. The client base was diverse, encompassing both retail and services companies from a retail fine art gallery to a video and post production company. As part of the MW&A team, Kona's clients also include nonprofit organizations.

As a QuickBooks® ProAdvisor®, Kona works with clients and their staff members on how to gain the most value from their accounting software.
